

T4 UvsX DNA Recombinase

Manual

Catalog #	3562	3565	3567
Package Size	100µg	500µg	1000µg
Volume	20µl	100µl	200µl
Concentration	5µg/µl		

Important!

-20°C Storage Required

- * Immediately inspect packages
- * Freeze upon receipt

Description:

Homologous recombination is important for the error-free repair of DNA double-strand breaks and for replication fork restart. Recombinases of the RecA/RAD51 family perform the central catalytic role in this process. UvsX recombinase is the RecA/Rad51 ortholog of bacteriophage T4. Intact Genomics (ig[®]) UvsX and other recombinases form presynaptic filaments on ssDNA that are activated to search for homology in dsDNA and to perform DNA strand exchange (1-3).

Protein Purity:

The physical purity of this enzyme is $\geq 98\%$ as assessed by SDS-PAGE with Coomassie[®] blue staining (Fig. 1).

Product Source:

E. coli BL21 (DE3) strain expressing T4 UvsX gene.

Product Components:

- T4 UvsX Recombinase
- 10x UvsX Recombinase Reaction Buffer

1x UvsX Recombinase Reaction Buffer:

20 mM Tris-acetate pH 7.8, 100 mM Potassium acetate, 10 mM Magnesium acetate, 1 mM DTT

Storage Buffer:

50 mM Tris-HCl, 50 mM KCl, 1 mM DTT, 0.1 mM EDTA, 50% Glycerol, pH 7.5 @ 25°C

Storage Temperature:

-20°C

Fig. 1:
Lane 1, Protein marker
Lane 2, UvsX Recombinase

Quality Control Assays:

UvsX recombinase is free from detectable nuclease activities.

Related Products:

All technology protocols discussed within this manual are assumed proprietary to Intact Genomics. This Product may be covered by pending or issued patents or may have certain limitations. Please contact us for more information. Purchase of this material conveys to buyer the non-transferable right to use the material purchased in research conducted by buyer, whether for teaching, non-commercial or commercial research purposes. Buyer may not sell or otherwise transfer these materials, its components, or unmodified descendants to a third party.

Product Use Limitation and Disclaimers

This product is for research purposes only. It is not intended for therapeutic or diagnostic purposes in humans or animals. This product contains chemicals which may be harmful if misused or direct human contact is made.

Intact Genomics is dedicated to practicing and maintaining science and technology ethics. Buyer agrees to use the purchased materials in full compliance with applicable law and regulations.

Technical Support & Customer Services

Intact Genomics (IG®) is dedicated to customer satisfaction regarding the use of our products for your research needs. Each new lot of our products is thoroughly tested to ensure it meets high quality standards and provides excellent results. We appreciate your business and your feedback regarding the performance of our products in your applications. Please follow the instructions carefully and contact us if additional assistance is needed.

Our hours are Monday - Friday, 8AM to 5PM, U.S. Central Standard Time.
