

Product Information Sheet

NH_4NO_3

A300
Ammonium Nitrate

Synonym:

CAS: 6484-52-2

Formula: NH_4NO_3

Molecular Wt: 80.04

Properties

Form: Powder

Appearance: White Crystalline

Application: Plant Macronutrient

Solubility: Water

Typical Working

Concentration:

Storage Temp: Room Temperature

Storage Temp of

Stock Solution:

Other Notes: Plant Tissue Culture Tested

Application Notes

References

Merck 13, 538

Revised 3/2007
