

## Product Information Sheet

**C277**
**Citric Acid Anhydrous**

Synonym: 2-Hydroxy-1,2,3-propanetricarboxylic Acid

CAS: 77-92-9

 Formula: C<sub>6</sub>H<sub>8</sub>O<sub>7</sub>

Molecular Wt: 192.14

### Properties

Form: Powder

Appearance: White Crystalline

Application: Antioxidant

Solubility: Water

Typical Working

Concentration:

Storage Temp: Room Temperature

Storage Temp of

Stock Solution:

Other Notes: Plant Tissue Culture Tested

### Application Notes

### References

Merck 13, 2350

Revised 3/2007

### India Contact

#### Life Technologies (India) Pvt Ltd.
