

Product Information Sheet**G386****D-(+) Glucose Anhydrous**

Synonym: Dextrose; Corn Sugar

CAS: 50-99-7

Formula: C₆H₁₂O₆

Molecular Wt: 180.16

Properties

Form: Powder

Appearance: White Crystalline

Application: Carbohydrate Source

Solubility: Water

Typical Working

Concentration:

Storage Temp: Room Temperature

Storage Temp of

Stock Solution:

Other Notes: Plant Tissue Culture Tested

Application Notes**References**

Merck 13, 4472

Revised 3/2007
