

Product Information Sheet**M562**
D-Mannitol

Synonym:

CAS: 69-65-8

Formula: C₆H₁₄O₆

Molecular Wt: 182.2

Properties

Form: Powder

Appearance: White Fluffy Powder

Application: Carbohydrate Source

Solubility: Water

Typical Working

Concentration:

Storage Temp: Room Temperature

Storage Temp of

Stock Solution:

Other Notes: Plant Tissue Culture Tested

Application Notes**References**

Merck 13, 5769

Revised 3/2007
