

Product Information Sheet**P741
Polyethylene Glycol**

Synonym: PEG-8000; Carbowax

CAS: 25322-68-3

Formula: $\text{H}(\text{C}_2\text{H}_4\text{O})_n\text{OH}$

Molecular Wt: 7000-9000

Properties

Form: Powder

Appearance: White Powder

Application: Molecular Biology

Solubility: Water

Typical Working

Concentration:

Storage Temp: Room Temperature

Storage Temp of

Stock Solution:

Other Notes: Plant Tissue Culture Tested

Application Notes**References**

Merck 13, 7651

Revised 3/2007
