

Product Information Sheet**T873****L-Tyrosine, Free Base**Synonym: (S)- α -Amino-4-hydroxybenzenepropanoic Acid

CAS: 60-18-4

Formula: C₉H₁₁NO₃

Molecular Wt: 181.21

Properties

Form: Powder

Appearance: White to Cream Powder

Application: Amino Acid

Solubility: Water

Typical Working

Concentration:

Storage Temp: Room Temperature

Storage Temp of

Stock Solution:

Other Notes: Plant Tissue Culture Tested

May be Derived from a Plant or an Avian Source

Application Notes**References***Merck* 13, 9907

Revised 3/2007
